

- What are your pressing Coronavirus issues?
  - Employee wellbeing and related issues
    - Duties of care – failure to ensure reasonable precautions?
    - Working from home
    - Sick leave and sick pay
    - Site closures and skeleton operations at manufacturing plants
    - Travel – what constitutes “necessary travel”? Employee restrictions?
    - Lay-offs
  - Policy and financial health
    - Support through rapidly changing and ongoing financial health needs (including accessing government/financial support packages, bank and other funding, business distress options, cash flow, forecasts, aborted deals, tax relief, landlord and tenant issues, pensions, protecting investments, etc.)
    - Lobbying to protect your interests
    - Critical and essential supplier status?
    - Certifications
  - Health and safety (operational issues)
    - Your health and safety duties/obligations
    - Segregated shifts? PPE? Screening?
    - Risk assessments for home working?
    - Factory disinfection/deep-cleanse for getting your space safe
    - Virtual showrooms to limit dealership interactions
  - Supply chains, including manufacturing, logistics and business critical infrastructure/services
    - Dealing with manufacturing closures, raw material and product shortages, cross-border cost increases and disruption?
    - Protracted business interruption, border closures, in-country lock-downs, etc. (e.g. France, Germany, Italy, Spain)?
    - Supply chain mapping, risk management and mitigation steps
    - Contractual exposures – change in law, *force majeure*, frustration, material adverse change, termination, waiver, etc.
    - Insurance
    - Cost cutting

- Data protection
  - Customer requests for supplier declarations of health (e.g. delivery drivers)?
  - Ascertaining employee travel plans (either before or after a holiday)?
  - Disclosure of employee medical information, temperature and other tests?

We can help you address these and other commercial, legal and coronavirus policy challenges you may currently have, including local law advice across multiple jurisdictions, utilising our global full-service team of lawyers and policy advisors.

Our team would welcome the opportunity of discussing your pressing coronavirus needs with you in their relevant industry and commercial contexts.

## Other COVID-19 Support and Resources

- [COVID-19 Resource Hub](#) – 24/7 monitoring and regular updates on current coronavirus legal and business continuity issues across our global platform, including how business is responding to potential new and existing ramifications.
- [Coronavirus Contingency Planning Risk Assessment Tool](#) – A complimentary mapping tool, including optional contingency planning template. Within 24 hours, you receive a summary mapping factors your business has not yet considered, together with benchmarking information collated from assessments completed by other businesses.
