

Over the last quarter century, we have had the privilege of offering Fellowships to hundreds of law students. This investment in their future by the Foundation and you, our donors, now amounts to more than \$2 million. This is truly an investment in the future of justice in the public interest.

Today, our program embraces students from eighteen U.S. law schools and the College d'Europe. The Class of 2025 has thirty-three outstanding Fellows. This anniversary year brings us to a landmark 419 total Fellowships awarded. Over the past quarter century our Fellows have devoted more than 100,000 hours of legal services in the public interest through their work with government offices, NGOs, and public interest organizations.

Among those efforts have been:

- ❖ Legal services to American military service veterans
- ❖ Assisting Puerto Rico after Hurricane Maria
- ❖ Rebuilding the legal system in post-ISIS Iraq
- ❖ Working with a police department on police/minority community relations
- ❖ Advocating for civil and human rights
- ❖ Pursuing criminal justice
- ❖ Jump starting public service careers with Bar examination stipends

The Foundation has high aspirations for the coming years. We are focused on advancing justice. We are confident that the combination of the Foundation, our collaborating law schools and their deans, and most importantly our talented and dedicated Fellows will continue to make important contributions to the promotion of public service and public interest law careers.
