## About Oliver

Oliver Geiss focuses his practice on competition and foreign direct investment (FDI) laws in the EU and Germany. He is a member of the firm's Global Board and actively supports its social mobility initiative in a leading role.

Oliver regularly advises clients on merger control and FDI notifications of cross-border transactions and has extensive experience in a variety of industry sectors, including chemicals, energy, automotive, energy and pharmaceuticals. He has dealt with matters before virtually every regulator around the globe. Oliver also leads our German merger control and FDI practice and has extensive experience in well over 100 filings with German regulators – from straightforward acquisitions to complex second phase cases.

Comments in directories like *Legal 500* highlight the added value Oliver brings to transactions ("thanks to his contributions, we were able to complete a very challenging project on time"), and state that they "would recommend him to anyone" and elicit praise for his expertise and responsiveness over different time zones.

He has also represented companies in some of the largest cartel investigations before the European Court of Justice, the European Commission and the German Federal Cartel Office, including Airfreight, LCD Screens, Optical Disc Drives, Refrigeration Compressors and Industrial Batteries, as well as in civil damage actions before national courts. Oliver is at the forefront of developments and regularly publishes in this area.

He frequently advises clients on EU State Aid law, including before the European Court of Justice, and the EU Foreign Subsidies Regulation as well as competition law aspects of commercial agreements, such as distribution agreements or joint buying or selling arrangements.

## Experience

- Securing global merger control and FDI approvals in a complex acquisition in the semiconductor field.
- Experience before the FDI authorities/ministries and coordinating approvals in Germany, France, Italy, the UK, Spain, Romania, Slovenia, Australia and others.

- Representing clients and coordinating approvals in relation to merger control filings before the European Commission, before the authorities in virtually every EU member state, Saudi Arabia's GAC and China's SAMR, as well as in Brazil, Egypt, Morocco, Serbia, Singapore, Turkey, Ukraine and many others.
- Representing clients in major cartel investigations before the European Commission and the European courts, including two of the five largest cartels.
- Securing EU merger approval of a US\$3.2 billion merger between two major chemical companies.
- Successfully representing a beverage manufacturer in a landmark state aid case before the European Court of Justice.
- Representing clients in civil cartel damage litigation, including the largest cartel damage case ever brought before German courts.
